# Pacific Graphics 2010

September 25 –27, 2010 • Hangzhou, China

<http://www.cad.zju.edu.cn/pg2010>

**Pacific Graphics** is an annual international conference on computer graphics and applications. As a highly successful series, Pacific Graphics provides a premium forum for researchers, developers, practitioners in the Pacific Rim and around the world to present and discuss new problems, solutions, and technologies in computer graphics and related areas.

**Pacific Graphics 2010** will be held in Hangzhou , China, during September 25-27, 2010. For the first time in the series, Pacific Graphics 2010 will be in Hangzhou. The widely expressed Chinese proverb, "in heaven there is paradise and on earth there are Hangzhou and Suzhou" and the words of Marco Polo who described this place as, "the most beautiful and magnificent city in the world" have helped to make Hangzhou one of the biggest tourist attractions in the entire country. Hangzhou is also famous for its silk and tea. Please come and join us to have a successful conference and enjoy fantastic nature of Hangzhou. PG 2010 is supported by the National Natural Science Foundation of China (NSFC) and the Natural Science Foundation of Zhejiang Province (ZJNSF).

**Paper submission:** Original unpublished papers are invited in all areas of computer graphics and its applications. The topics include (but are not limited to) modeling, rendering, animation, and imaging, as well as visualization, human-computer interaction, and graphics systems and applications. Any interesting new ideas related to computer graphics and applications are welcome.

**Paper publication:** The conference will have a full paper track as well as a poster track. The full papers will be published in the conference proceedings which will appear as a regular issue of The Computer Graphics Forum. Poster papers will be made available to the participants in electronic form through the IEEE digital library.
